Target Audience: CEO, executives, board members, other staff with cybersecurity oversight or reporting responsibilities

Part 1-Enhancing Hospital Cybersecurity: A Board's Strategic Role (TX09201)

Sept. 20

Speaker: Sameer Bhalotra, Co-Founder and CEO, ActZero

Join us for an insightful webinar tailored to hospital board members, exploring the critical role that cybersecurity plays in safeguarding patient data and health care operations. In this session, we will delve into the essential responsibilities and strategic decisions boards need to make to ensure robust cybersecurity measures are in place. From setting governance frameworks and risk tolerance levels to overseeing compliance with health care regulations, attendees will gain a comprehensive understanding of their pivotal role in protecting their hospital's digital infrastructure.

Participants can expect to learn:

- Why health care is a prime target for attackers and the latest trends in methods of attack and incidents.
 - Governance considerations to address cybersecurity including budget allocation, and necessary policies.
 - How to integrate cybersecurity into the organization's overall governance framework.
 - Laws and regulations to be familiar with to ensure compliance.
 - The board's role should a breach occur.
 - Key questions to foster board discussion.

Part 2-Best Practices to Keep Hospitals Safe from Cyberattacks (TX10042)**Oct. 4****Speakers: Sameer Bhalotra, Co-Founder and CEO, ActZero****Sanjay Deo, CISSP, CISA, HCISPP, CMMC-RP, PCI-QSA, Evangelist, President and CEO, 24by7 Security**

In an era marked by a swift surge in cyber threats, hospitals find themselves confronting a pressing challenge – the escalating vulnerability of sensitive data to cyber criminals. We invite you to an insightful session led by two prominent cybersecurity experts to shed light on this critical issue. Industry leaders, Sameer Bhalotra and Sanjay Deo will lead an engaging discussion that delves deep into the latest array of threats targeting the health care industry. Attendees will gain insights into the threats, identify where the gaps occur, and learn how to strategically implement safeguarding measures.

Participants can expect to learn:

- Identify the latest threats facing the health care industry.
- Learn how to implement safeguarding measures to protect your hospital from cyberattacks.
- Identify the gaps where cyberattacks occur most frequently in the health care industry.

Part 3-Effective Strategies to Respond to a Cyberattack (TX10253)**Oct. 25****Speakers: Sameer Bhalotra, Co-Founder and CEO, ActZero****Sanjay Deo, CISSP, CISA, HCISPP, CMMC-RP, PCI-QSA, Evangelist, President and CEO, 24by7 Security**

In the face of the alarming escalation in cyberattacks targeting health care organizations, the question that looms large is: How can you accurately determine if your institution has fallen victim to a breach? On average, organizations typically require over six months to identify a breach, underscoring the urgency of addressing this critical issue. Building on the insights shared during the session on *Best Practices to Keep Hospitals Safe from Cyberattacks (TX1004)* on October 4th, cybersecurity experts Sameer Bhalotra and Sanjay Deo will talk about clues suggesting your hospital is under attack and what to do in the critical minutes and hours following. Your hospital's resilience against cyber threats begins with informed and swift action – this session equips you with the knowledge to make that difference.

Participants can expect to learn:

- Identify the clues that indicate your hospital has been subject to a cybersecurity breach.
- Identify appropriate response strategies when your hospital has come under a cybersecurity attack.
